Professor Dr. Setsuo ARIKAWA,
President of Kyushu University
Kyushu, Japan

Dear President Arikawa,

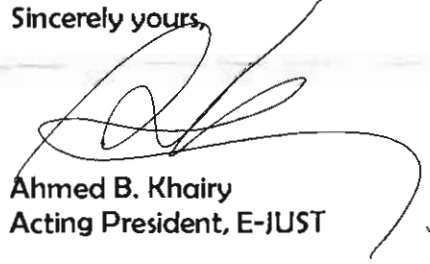

It gives me a great pleasure sending this message to you to express my highest appreciation for the excellent spirit and practice of cooperation between Egypt- Japan University of Science and Technology (E-JUST) and Kyushu University. Over the past period of time there have been many fruitful programs of academic and scientific cooperation in the field of Electronics and Communications Engineering between our two institutes. The phenomenal contribution made by Kyushu University top management staff and academic staff has been well received and appreciated by their counter academics in E-JUST.

Now, we do appreciate very much the establishment of "Centre for Japan- Egypt Cooperation In Science and Technology (E-JUST Center) in Kyushu University", and would express best appreciation to the kind invitation directed to Professor Mohamed El Sayed Ragab for attending the opening ceremony of center.

I am sure that this center will be a landmark and platform of future innovations and prosperity for Kyushu University and E-JUST.

Wishing you and your family all the best, I look forward to meeting you soon, Best Regards.

Sincerely yours,

Ahmed B. Khairy
Acting President, E-JUST
